

MILESTONE MOTORCARS

Collector Cars for the Connoisseur

1965 Shelby 427 S/C CSX 4158

VIN: CSX 4158

Exterior: Blue, White Racing Stripes

Interior: Black and Charcoal

Steering: Left Hand Drive

Transmission: Manual

Mileage: 1,000

Condition: Pristine

Asking Price: 195,000

An exacting recreation of the legendary Cobra 427 S/C constructed by Shelby American themselves. The 4000 series continuation cars were built in small numbers by Shelby in the early 2000's and are built with remaining stocks of original parts. This car as several were, is fitted with an exact duplicate of the original 427 S/C. Body constructed in aluminum. The engine is a fresh build 427 aluminum block and heads built by Shelby and fitted with a set of Weber downdraft 48 IDA carburetors from the well known Jim Inglese. Out put is approximately 560 HP. Side pipes, oil cooler, roll bar and Halibrand knock offs complete the car and fulfill the previous owner vision of a car indistinguishable from the original. Blindingly fast and not for the faint of heart!
